Advertising

FINA Aquatics World Magazine offers its advertisers a unique opportunity: exposure in the 203 FINA member countries of the world, both in printed and online format. Not just one country, not just one continent, not just one language territory: this is the genuine meaning of 'global reach'. At the moment, the online edition has ca. 1.6 million readers!

We offer all this to our partners at quite favourable prices, each advertising price refers in fact to a package containing both an advertisement in the printed version and a flash one in the online edition.
